Why Choose a Better Air ECM Motor?

- ▶ Dramatic Energy Savings
- ▶ Improved Livestock Health & Productivity
- ▶ Precise Climate Control
- ▶ Easy Installation and Low maintenance
- ▶ Eco-Friendly Operation

The Better Air ECM Motor is equipped with advanced speed control technology, allowing you to fine-tune the air circulation in your barn. Whether it's a scorching summer day or a chilly winter night, you have the power to create the perfect climate for your livestock.

18in and 24in stir fans are now available with an ECM motor option
